

MDHHS PROVIDER TYPE BILLING REQUIREMENTS

Molina Healthcare has been notified by MDHHS of claims that have rejected for “Provider Type Not Allowed for Referring/Ordering/Attending NPI”. Claims related to the rejections received by the health plan will be recovered and corrected claims will need to be submitted. Please review claims billing guidelines to ensure your claims are billed properly. Below are some guidelines from the MDHHS provider manual.

Ordering, Referring, and Attending Providers Requirements

- The name and NPI of the Ordering/Referring or Attending provider must be reported on all claims for services rendered as a result of an order/referral. Refer to the Michigan Medicaid Provider Manual for order/referral requirements for specific services.
- Ordering/Referring, Rendering, Billing and Attending providers **must** be enrolled and active in CHAMPS on the date of service on the claim. The NPI in the Order/referring, rendering and attending field should be a Type I Individual/Sole Proprietor NPI.
- Based on MDHHS requirements services that require an order or referral include, but are not limited to: ambulance nonemergency transports, ancillary services for beneficiaries residing in nursing facilities, childbirth / parenting and diabetes self-management education, consultations, diagnostic radiology services, unless rendered by the ordering physician, durable medical equipment (DMEPOS), hearing and hearing aid dealer services, home health, hospice, laboratory, certain mental health and substance abuse children’s waiver services, certain Maternal Infant Health Program (MIHP) services, pharmacy services, certain school based services, therapy services, and certain vision supplies.
- It is allowable for an FQHC or RHC to complete the attending field on a clinic claim with the NPI of an MD, DO, NP, PA, or Certified Nurse Midwife. In addition, THC’s can use any active Type 1 Medicaid enrolled provider NPI in the attending field.
- For a behavioral health service, the Attending provider (MD/DO/Medical Director) should be listed on the institutional billing claim form even if there is not a direct relationship with the MD/DO/Medical Director. If a patient is receiving behavioral health services from a licensed clinical social worker or licensed professional counselor, he/she may be doing so under the supervision of the MD/DO/Medical Director in the clinic. The Rendering provider should be listed on the institutional billing form as well.
- Services performed by limited licensed psychologists (except as noted in Section 333.18223 of the Public Health Code), social workers, and professional counselors, or student interns must be performed under the supervision of an enrolled, fully licensed provider of the same profession. Services are billed to Molina under the NPI of the supervising psychologist, social worker or professional counselor.

- Institutional providers submitting claims for self-referred mammography services will duplicate the billing provider NPI in the attending physician NPI field.
- All Institutional (UB04) claims need to have Attending provider except for Hospital Owned Ambulance claims.
- MDHHS requires that Referring/Ordering/Attending NPI (if required) must be one of the following practitioner types:
 - **Physician:** Allergy & Immunology, Anesthesiology, Chiropractor (spinal x-rays only), Colon & Rectal Surgery, Dermatology, Emergency Medicine, Family Medicine, Internal Medicine, Manipulative Medicine, Medical Genetics, Neurological Surgery, Nuclear Medicine, Obstetrics & Gynecology, Occupational Medicine, Ophthalmology, Optometrist, Orthopedic Surgery, Otolaryngology, Pathology, Neuromusculoskeletal Medicine, Pediatrics, Physical Medicine & Rehabilitation, Plastic Surgery, Podiatrist, Preventive Medicine, Psychiatry & Neurology, Radiology, Surgery, Thoracic Surgery, Urology, General Practice, Peripheral Vascular Disease, Addiction Medicine, Maxillofacial Surgery, MRI, Lithotripter, CAT Scan, Urgent Care Medicine.
