Provider Memorandum

Partnering With Healthmap Solutions for Kidney Services Starting February 1, 2023

Molina Healthcare of Illinois (Molina) has partnered with Healthmap Solutions (Healthmap), a leading national kidney population health management company, to provide a comprehensive care plan for members with Chronic Kidney Disease (CKD). Healthmap's Kidney Health Management (KHM) program provides support for you and your patients with CKD Stages 3, 4, 5, Unspecified and End-Stage Renal Disease (ESRD).

Effective **February 1, 2023**, the Healthmap KHM program will be available through Molina at no cost to you or your patients. Healthmap's platform assists your practice by harnessing advanced data and analytics with a multidisciplinary Care Management team to extend your ability to optimize health outcomes for your patients with kidney disease.

Drawing from industry-accepted, evidence-based kidney management guidelines and research, and backed by its Scientific Advisory Board, Healthmap provides you with actionable insights to gaps in care and changes in your patient's condition while addressing kidney disease and its comorbidities.

Healthmap's Care Navigation team is led by registered nurses and includes renal specialists, pharmacists, registered dietitians, licensed clinical social workers, and behavioral health experts to directly support you and your patients with care coordination, education, therapy adherence coaching, medication management, and assistance to address social barriers to care.

Healthmap Solutions delivers significant results when partnering with practices:

- Slowing progression of kidney disease
- Reducing unplanned dialysis starts
- Increasing in-home dialysis utilization and transplantation rates
- Decreasing hospital admissions and emergency department visits

The Healthmap Care Navigation team will be contacting you to provide additional information on how they can assist you and your patients with kidney disease. We look forward to this collaboration leading to improved health outcomes for your patients—our members.
