Provider Memorandum

Pregnancy and Delivery Notification Requirements

Molina Healthcare of Illinois (Molina) is reminding providers—particularly PCPs and OB-GYNs—about pregnancy and delivery reporting requirements.

Pregnancy Notification

- Providers can use this Pregnancy Notification Form located at MolinaHealthcare.com. You can fill out the form online or download to fill in by hand. Instructions are within the form.

Delivery Notification Requirements

- Within three (3) days of admission, provide notification of delivery.

- Notification should include date of admit, date of delivery, type of delivery, sex of baby, and the nursery type; Molina will return an approval for inpatient stay up to the federal mandate.

- If member stays past the federal mandate, concurrent review with clinical submission is required.

- If a member is admitted on an OB unit but is **not** admitted because she is in labor/delivering, then the provider should send Molina notification within two (2) business days of admission.

- If the member did not deliver, please notify Molina to update the authorization from OB delivery to Inpatient.

Infants Admitted to a NICU or Special Care Nursery

- Notification of transfer is required within 24 hours if baby is admitted to NICU. Molina has partnered with ProgenyHealth for Care Management and Utilization Management. Please reference this provider memo about the **ProgenyHealth** NICU notification process.

Provider Tools

- Pregnancy Notification form located on the Frequently Used Forms page at MolinaHealthcare.com.

- Quality Incentive Program for prenatal and postpartum care.

Questions?

We're here to help. Contact your dedicated Provider Relations Manager or email the Provider Network Management team at MHILProviderNetworkManagement@MolinaHealthcare.com. For help identifying your dedicated Provider Relations Manager, visit Molina's Service Area page at MolinaHealthcare.com.
