## **Age Range Updates for Drug Procedure Codes Effective April 1**

### **Background:**

On April 1, 2022, HHSC will update age ranges for drug procedure codes Q0167, Q0169, and Q0175 for Medicaid and CHIP.

### **Key Details:**

Dronabinol (procedure code Q0167) and Perphenazine (procedure code Q0175) will be a benefit for clients 18 years and older. Promethazine (procedure code Q0169) will be a benefit for clients 2 years and older.

### **Additional Information:**

Fee-for-service criteria for Q0167, Q0169, and Q0175 are effective on April 1, 2022. These updates will appear in the May 2022 Outpatient Drug Services Handbook chapter of the Texas Medicaid Provider Procedures Manual.
