

A message from Texas Health and Human Services Commission

EVV Home Health Care Services (HHCS) Service Bill Codes Table Now Available

Background:

Effective Jan. 1, 2024, Electronic Visit Verification (EVV) is required for Medicaid home health care services (HHCS). Program providers and financial management services agencies (FMSAs) can refer to the bill codes table to familiarize themselves with the specific HHCS billing code combinations that require the use of EVV.

A new version of the EVV HHCS Bill Codes Table has been posted. Reference the revision history in the document for information about what was updated.

The table is on the EVV 21st Century Cures Act webpage on [21st Century Cures Act | Texas Health and Human Services](#) in Excel and PDF formats.
