Optum In-Office Assessment Incentive Program

Molina Healthcare of Wisconsin (Molina) is excited to roll out a new In-Office Assessment program (IOA) administered by Optum®. This program is designed to improve patient and provider outcomes by supporting early detection and ongoing assessment of chronic conditions for Molina members.

The information provided on the assessment as part of the IOA program should be used to assist with assessing and addressing gaps in care during a patient encounter. If you are currently utilizing the IOA program within your practice, we are excited to now have Molina members included as part of your engagement. Incentive rewards are available for successful participation and completion of an IOA on Molina members.

Molina will be collaborating with Optum's provider engagement team to bring this program to you. If applicable, you may receive further correspondence from Molina or an Optum® representative about the IOA program. We encourage you to take advantage of the benefits this program has to offer to improve patient and provider outcomes.

If you have any questions or would like to learn more, reach out to Optum® directly at (877) 751-9207 or email Providersupport@optum.com.
