A fax bulletin for the Molina Healthcare of Washington Provider Network

Evolut, formerly New Century Health- Oncology/Cardiology (Medicaid/Marketplace)

Molina Healthcare of Washington, Inc cares about our member's health and is continually enhancing programs to improve the quality of care. As a reminder, Evolut is delegated to conduct prior authorization review, and all providers are required to submit prior authorizations for oncology-related services through Evolut. Treatment plans will be reviewed using nationally recognized evidence-based guidelines. This requirement applies to all specialties for your Molina Medicaid members 21 years of age and older and Marketplace members 18 years of age and older.

Please be advised going forward Molina Healthcare will no longer be able to pay or approve codes without a prior authorization from Evolut. If a claim is submitted with services which have not been approved by Evolut, the service will be denied, and providers will be required to appeal.

Molina Healthcare of Washington, Inc allows a 14-day retro period from date of service to request additional services that may not have been in the initial request. Due to Evolut not reviewing retro services, if you need to add additional services within 14 days of the date of service, please submit a retro request to Molina Healthcare at 800-767-7188.
